REVIEW REPORT ON THE INTERIM CONDENSED FINANCIAL STATEMENTS

The Unit holders of
FALCOM Saudi Equity Exchange Traded Fund
Riyadh, Kingdom of Saudi Arabia

Scope of Review

We have reviewed the accompanying interim balance sheet of **FALCOM Saudi Equity Exchange Traded Fund** (the "Fund") managed by **FALCOM Financial Services** (the "Fund Manager") as at 30 June 2013 and the related interim statements of income, cash flows and changes in net assets attributable to unitholders for the six months period ended 30 June 2013 and the attached notes from (1) to (13) for the six months period then ended which form an integral part of these interim condensed financial statements. These interim condensed financial statements are the responsibility of the Fund Manager and have been prepared by them and submitted to us together with all the information and explanations which we required. Our responsibility is to express a conclusion on these interim condensed financial statements based on our review.

We conducted our review in accordance with the Standard on Review of Interim Financial Reporting issued by the Saudi Organization for Certified Public Accountants (SOCPA). A review consists principally of applying analytical procedures to financial data and information and making inquiries of persons responsible for financial and accounting matters. It is substantially less in scope than an audit conducted in accordance with generally accepted auditing standards, the objective of which is the expression of an opinion regarding the financial statements taken as a whole. Accordingly, we do not express such an opinion.

Conclusion

Based on our review, we are not aware of any material modifications that should be made to the accompanying interim condensed financial statements for them to be in conformity with accounting standards generally accepted in the Kingdom of Saudi Arabia.

1. THE FUND AND ITS ACTIVITIES

FALCOM Saudi Equity Exchange Traded Fund ("the Fund") is an exchange traded mutual investment fund created through an Agency (Wakala) contract between FALCOM Financial Services (the Fund Manager) and the Investors established by virtue of the approval of Capital Market Authority on 30 Rabi Al-Awwal 1431H corresponding to 16 March 2010. The objective of the Fund is to passively invest in the listed Saudi equities in order to achieve the results that correspond to the performance of F30 FALCOM Saudi Equity Index, the "Benchmark Index", which is a free-float market capitalization based index that tracks the performance of top 30 (by free float market capitalization) Shariah compliant Saudi equities (the "Component Securities") listed on Tadawul.

In June 2012, the Fund appointed HSBC Saudi Arabia Limited to act as the custodian and Saudi Fransi Capital as the second market maker (previously FALCOM Financial Services). However, Falcom Financial Services continued to act as the primary market maker.

The interim results of the Fund may not be indicative of its annual results.

2. REGULATING AUTHORITY

The Fund is governed by the Investment Fund Regulations ("the Regulations") issued by Capital Market Authority (CMA) on 3 Dhul Hijja 1427H (corresponding to 24 December 2006) detailing requirements for all funds within the Kingdom of Saudi Arabia.

3. PRIMARY MARKET OPERATION (CREATION AND REDEMPTION OF UNITS)

The primary market operation is only carried out between Fund Manager and the authorized Market Maker. The Creation and Redemption activities are done on the basis of blocks of exchange traded fund (ETF) units only (*one block equals 25,000 ETF Units*), referred as Creation Unit and Redemption Unit respectively. The process of creation and redemption of ETF Units is on in-kind basis whereby Fund Manager and Market Maker inter-exchange ETF Units and the Basket of shares, through custodian, for the purpose of creation and redemption of ETF Units.

4. VALUATION OF THE FUND

The value of the Fund's portfolio is determined on daily basis. The net asset value of the Fund for the purpose of purchase or sale of units is determined by dividing the net value of assets (fair value of fund assets *minus* fund liabilities) by the total number of outstanding fund units at the end of the day.

5. BASIS OF PREPARATION

5.1 Statement of compliance

These interim condensed financial statements have been presented in accordance with the requirements of accounting standard on interim financial reporting issued by the Saudi Organization of Certified Public Accountants (the "SOCPA"). These interim condensed financial statements do not include all the information presented in annual financial statements; therefore, these interim condensed financial statements should be read in conjunction with the annual financial statements for the year ended 31 December 2012.

NOTES TO THE FINANCIAL STATEMENTS
For the period ended 30 June 2013

5. BASIS OF PREPARATION (CONTINUED)

5.2 Basis of measurement

These financial statements have been prepared under the historical cost convention, except for the measurement of held for trading investments at fair value, using accrual basis of accounting and the going concern concept.

5.3 Functional and presentation currency

These financial statements are presented in Saudi Arabian Riyals (SAR) which is the functional currency of the Fund. All financial information presented has been rounded to the nearest SAR.

5.4 Use of estimates and judgments

In the ordinary course of business, the preparation of financial statements requires management to make judgments, estimates and assumptions that affect the application of policies and reported amounts of assets, liabilities, income and expense. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimates are revised and in future periods affected.

6. SIGNIFICANT ACCOUNTING AND RISK MANAGEMENT POLICIES

The significant accounting policies used in the preparation of these interim condensed financial statements are consistent with those used and disclosed in the annual financial statements for the year ended 31 December 2012.

Risk management policies are consistent with those disclosed in the annual financial statements for the year ended 31 December 2012.
