Report on review of condensed interim financial information

To the Unitholders and the Fund Manager of Yaqeen Saudi Equity Fund
(Managed by Yaqeen Capital)

Introduction

We have reviewed the accompanying condensed interim statement of financial position of Yaqeen Saudi Equity Fund (the "Fund"), managed by Yaqeen Capital (the "Fund Manager") as of 30 June 2022 and the related condensed interim information of profit or loss and other comprehensive income, changes in net assets attributable to the Unitholders and cash flows for the six-months period then ended and other explanatory notes. Management is responsible for the preparation and presentation of this condensed interim financial information in accordance with International Accounting Standard 34 - "Interim Financial Reporting" ("IAS 34"), that is endorsed in the Kingdom of Saudi Arabia. Our responsibility is to express a conclusion on this condensed interim financial information based on our review.

Scope of review

We conducted our review in accordance with International Standard on Review Engagements 2410- "Review of interim financial information performed by the independent auditor of the entity" that is endorsed in the Kingdom of Saudi Arabia. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing, that are endorsed in the Kingdom of Saudi Arabia, and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying condensed interim financial information are not prepared, in all material respects, in accordance with IAS 34, that is endorsed in the Kingdom of Saudi Arabia.

**NOTES TO THE CONDENSED INTERIM FINANCIAL INFORMATION
FOR THE SIX MONTHS PERIOD ENDED 30 JUNE 2022**
(All amounts are in Saudi Riyals unless stated otherwise)

1. GENERAL

Yaqeen Saudi Equity Fund (the "Fund") is a fund established under an agreement between Yaqeen Capital ("Fund Manager") and Fund Investors ("Unitholders"). The Fund's objectives are to achieve long term capital growth through investing in securities listed on the Saudi stock exchange that meet Islamic Sharia. The Fund is "open-ended" and does not normally distribute any dividends to the Unitholders. Instead, all profits collected in the Fund are reinvested and are reflected in the price of the Fund's units.

The address of the Fund manager is as follows:

Yaqeen Capital
Olaya Street, P.O. 884
Riyadh 11421, Kingdom of Saudi Arabia

In dealing with the Unitholders, the Fund Manager considers the Fund as an independent accounting unit. Accordingly, the Fund Manager prepares separate financial information for the Fund. In addition, the Unitholders are considered as owners benefiting from the Fund's assets.

The Capital Market Authority (CMA) license was granted to the Fund on 12 Rabi Awal 1428H (corresponding to 31 March 2007). The Fund commenced operations on 18 November 2007.

The Fund is governed by the Investment Fund Regulations (the "Regulations") published by CMA on 3 Dhul Hija 1427H (corresponding to 24 December 2006) as amended by the resolution of CMA board on 16 Sha'aban 1437H (corresponding to 23 May 2016). It is further amended by the resolution of CMA board on 12 Rajab 1442H (corresponding to 24 February 2021).

2. BASIS OF PREPARATION

2.1 Statement of compliance

This condensed interim financial information has been prepared in accordance with International Accounting Standard IAS-34 "Interim Financial Reporting" as endorsed in the Kingdom of Saudi Arabia and other standards and pronouncements issued by the Saudi Organization for Chartered and Professional Accountants ("SOCPA").

The Fund does not have a clearly identifiable operating cycle and therefore does not present current and non-current assets and liabilities separately in the condensed interim statement of financial position. Instead, assets and liabilities are presented in order of liquidity.

The Fund can recover or settle all its assets and liabilities within 12 months from the reporting date.

The Fund has also complied with Investment Funds Regulations published by CMA and the Fund's terms and conditions (collectively hereinafter referred to as "Terms and Conditions").

The disclosures made in this condensed interim financial information have been limited in accordance with the requirements of IAS 34. This condensed interim financial information does not include all the information and disclosures required in the annual financial statements and should be read in conjunction with the annual audited financial statements of the Fund for the year ended 31 December 2021 ("last annual financial statement").

2.2 Basis of measurement

The condensed interim financial information has been prepared on a historical cost convention, except for the financial assets at fair value through profit or loss that are measured at fair value.

Furthermore, this condensed interim financial information is prepared using the going concern basis.

2. BASIS OF PREPARATION (continued)

2.3 Functional and presentation currency

Items included in the condensed interim financial information are measured using the currency of the primary economic environment in which the Fund operates (the “functional currency”). This condensed interim financial information is presented in Saudi Riyals which is the Fund’s functional and presentation currency.

2.4 Critical accounting estimates and judgements

In preparing this condensed interim financial information, management has made the judgement, estimates, and assumptions that affect the application of the Fund's accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

The significant judgments made by management in applying the Fund's accounting policies and the key sources of estimation uncertainty were the same as those described in the last annual audited financial statements.

The Fund has reviewed the key sources of estimation uncertainties disclosed in the last annual audited financial statements against the backdrop of Covid-19. Management believes that all sources of estimation uncertainty remain similar to those disclosed in the last annual financial statements. The Fund will continue to monitor the situation, and any changes required will be reflected in future reporting periods.

3. NEW AND AMENDED STANDARDS ADOPTED BY THE FUND

The International Accounting Standard Board (IASB) has issued following accounting standards, amendments, which were effective from periods on or after January 1, 2022.

- Amendments to IAS 37 - ‘Provisions, contingent liabilities and contingent assets’ specify which costs a company includes when assessing whether a contract will be loss-making;
- Amendments to IAS 16 - ‘Property, plant and equipment’ prohibit a company from deducting from the cost of property, plant and equipment amounts received from selling items produced while the company is preparing the asset for its intended use. - Amendments to IFRS 3 - ‘Business combinations’ update a reference in IFRS 3 to the Conceptual Framework for Financial Reporting without changing the accounting requirements for business combinations; and
- Annual improvements make minor amendments to IFRS 1, ‘First-time Adoption of IFRS’, IFRS 9, ‘Financial instruments’, IAS 41, ‘Agriculture’ and the Illustrative Examples accompanying IFRS 16, ‘Leases’.

8. FAIR VALUE ESTIMATION

The fair value of financial instruments traded in active markets are based on quoted market prices at the end of trading as of the reporting date. Instruments that have not been sold are valued on the valuation day based on the most recent bid price.

An active market is a market in which assets or liabilities are treated with sufficient movement and volume to provide price information on an ongoing basis. The carrying value less impairment provision of other receivables and carrying value of payables are assumed to approximate their fair values.

The fair value hierarchy consists of the following levels:

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date.
- Level 2: inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.
- Level 3: unobservable inputs for assets and liabilities.

Investments are based on prices quoted in active markets classified as level 1 and include quoted equity instruments. The Fund does not adjust the quoted price for these instruments.

The following table includes the hierarchy analysis for the fair value of Fund's assets and liabilities (by class) measured at fair value as of 30 June 2022 and 31 December 2021:

	Level 1	Level 2	Level 3	Total

10. UNIT VALUE RECONCILIATION

In accordance with CMA circular no. 1/6/7218/17 dated 13 Rabi al-Thani 1439H (corresponding to 31 December 2017), the CMA Board decided on 10 Rabi al-Thani 1439H (corresponding to 28 December 2017) to restrict the recording of expected credit losses (ECL) calculated in accordance with IFRS 9 only for the purpose of financial reporting.

All financial assets held at amortized cost were considered for ECL as on 30 June 2022. However, the impact of ECL on these assets was immaterial as cash and cash equivalents are held with bank having sound credit rating and there is no history of default or recovery of these balances. Accordingly, this condensed interim financial information do not contain any significant ECL adjustments and therefore reconciliation of the unit price calculated according to the applicable financial reporting framework to the unit price calculated for the purpose of unit transactions is not required.

11. CONTINGENCIES AND COMMITMENTS

There are no commitments and contingencies as of 30 June 2022 and 31 December 2021.

12. LAST VALUATION DAY

The Fund units are valued, and the net assets value is calculated at the end of each working day (valuation day). The last day of valuation was 30 June 2022.
